London, April 28 .- The weather is delightful and very favorable to the crops.

The Abyssinian news has improved the finances. General Napier defeated Theodore on Good Friday, and on Monday stormed Magdala. Napiers immediate return to the coast is expected. The English captives are enroute for home.

The London Times and most of the Liberal journals of that city are dissatisfied with the estimates made in the budget, which they think will not be sufficient for the expenses of the government.

It is rumored in Berlin that the French, agreed to reduce their respective armies by granting large numbers of furloughs.

The Mikado of Japan offers indemnity for the recent murder of French sailors at Osaca. The disorders in various parts of Spain are reported suppressed. Brabo Murillo has been appointed President, vice Narvaez, deceased,

Washington, April 27 .- The impeachment element appears less confident to-day than du-

In the Court of Impeachment, after several propositions affecting the final argument by senators had been rejected by votes indicating that the majority desired to push the trial to a speedy conclusion, the whole subject was postponed until after the argument was concluded. Stevens proceeded with his speech, which lasted about twenty minutes, when he broke down. Butler read the balance of his remarks. The speech was vindictive, and narrated the position of senators on the Tenure-of-office bill at length. Senators could not excuse its violation. The speech was exceedingly bitter and quite strong. Manager Williams succeeded, and will occupy part of to-morrow.

Affairs in Virginia.

RICEMOND, April 27 .- General Schofield to-* day appointed new councilmen and city officers for Norfolk and Staunton. Charles E. Mallam is to be Mayor of Fredericksburg and Z. Sykes Mayor of Norfolk. General Schofield has prepared no answer to Ex-Governor Pierpont's charges against him about obstructing the Union cause in the State, as he thinks them too idle for a reply.

The Georgia Election.

SAVANNAH, April 27 .- The counting of the and Texas, to cause city votes is progressing slowly. It is the general opinion that the Conservatives are in a small majority. AUGUSTA, April 27.—The election returns are

still unsatisfactory-so that no definite conclusion can be arrived at. A Negro Paper gives up the Ghost.

New ORLEANS, April 27 .- The New Orleans Tribune, said to be the only daily paper in the South owned and edited by negroes, has suspended for want of support. It supported Talliaferro for governor and the native State ticket, and was consequently deprived or all official patronage. The Picayune pays a high compliment to the ability, skill and integrity of its management.

THE UPS AND DOWNS OF IMPEACEMENT PROBA-BILITIES-THE NOMINATION OF SCHOFIELD AND ITS REAL SIGNIFICANCE.

The well-posted correspondent of the Richmond Dispatch telegraphs to that paper, under date of Saturday night :

"There is a great change of opinion as to the result of the trial going on here. Parties who early this week unhesitatingly admitted that Mr. Johnson would be convicted, now think he will be acquitted, and the best intormed generally believe he will not be removed. Secretary of War caused a great deal of expectation of effect upon the Senate. The object was to get before the Senate the name of one against whom no objection could be urged on political grounds. The objection that Mr. Ewing was opposed to the Radicals had been made, and as the President desired to fully and squarely test the sincerity of professions of senators who have said they would Prussian and Austrian Governments have like to get rid of Stanton, Mr. Johnson nominated Schofield, who is not a politician, and cannot consistently be objected to by the Radicals on political grounds. It is understood that Schofield will not decline the nomination." The Washington Star says, on the same sub-

MR. JOHNSON, AFTER CONVICTION.

A letter to the Baltimore Gazette savs: Rumors are affoat that a canvass for him is Rumors are afloat that a canvass for him is being shaped out that will present him in one of his old characters, but upon a much enlarged theatre. He will take the stump against the destructionists, and canvass every Southern State, occupying his whole time in the labor of arousing and organizing an opposition to Radicalism and negro equality. The fear of this has been the subject of much consideration among the destructionists in Congress.

HANCOCK'S PROSPECTS. I have to-day had interviews with several leading gentlemen sojourning in this city—one of them from the Northwest—and was impressed with the conviction that General Hancock, of Pennsylvania, will most probably be selected as the Democratic candidate for the next Presidency, and Hon. D. W. Voorhees, of Indiana, be chosen for the Vice-Presidency. The current runs in that direction here very strongly; for we must select as our standard-bearers the strongest and most available candidates, regardless of all personal or political considerations. I have to-day had interviews with several

BACK AGAIN.

The Washington Star says: The seats vacated by the "wayward sisters" in the House and Senate, at the outbreak of the rebellion, are, after their long season of dust-covered disuse, to be filled once more; the Speaker will again recognize the "member from South Carolina." or the "member from Louisiana," as the case may be; and the significant blanks in the Congressional Directory will be filled as of yore. The senators and representatives elected by the Arkansas Legislature under the Reconstruction acts are here ready for admission, which will be granted so soon as the impeachment question has been disposed of. The members from South Carolina will next be knocking at the door of Congress. There the new constitution has been adopted, and the Legislature will doubtless accept the amendment to the constitution, and The seats vacated by the "wayward sisters" accept the amendment to the constitution, and thus fulfill the "conditions precedent" estab-lished by Congress. In Alabama and Georgia, the constitutions vot clause disfranchising men for opinion's sake seems to have deteated the Alabama constitution; and that presented in Georgia seems to have had many objectionable features. The Republicans, taught by experience, will doubtless see to it that in the next essay at reconstruction in these States, the plan of constitution is made sufficiently just and fair in its provisions to commend itself to the people.

> THE YELLOW FEVER-ORDERS BY GENERAL GRANT.-General Orders, "No. 19," has been issued by command of General Grant. It instructs the commanding generals of the military districts comprising the States of Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana

In carrying out this quarantine, district commanders are to con-sult and ask the assistance of officers of the navy in that vicinity, and correspond directly with the Secretary of the Navy in reference to such assistance and co-operation.

A COLORED AMERICAN IN EUROPE.—Thomas Chester, colored, a native of Harrisburg, and a quondam war correspondent of a Philadelphia paper, writes from Paris that he has had the pleasure of spending the night at the residence of the Hon. John Bright, in England. He adds that the letters of introduction furnished him by Governor Ramsey, of Minnesota, and Senator Sumner, were of great use to him, and saye: "While I was in Russia, I was invited by the Emperor to accompany his Majesty on a grand review of his Majesty's body guard, about forty or fifty thousand men of all arms; and afterwards invited by his Majesty to lunch with his Majesty and suite in the Imperial Palace. during the latter part of the coming month of May, hoping we may thereby realize a sufficient amount to enable us to continue during the present year the various religious and charitable works which we have commenced, and thus far carried on with great success, but which we must necessarily but reluctantly abandon, unless we derive aid from some source. The plan of a Festival or Fair, during the season of flowers, has suggested itself to our minds, and we feel assured that it only requires your assistance to make it a complete success.

We propose that the ladies of each church prepare one table or booth, supplying the same with such articles for sale as their own good judgment may suggest, believing that a generous emulation thus en gendered, as to which shall best succeed, will, when all are combined in one collection, present a most elegant and complete display; and, furthermore, that each table remain under the control of the ladies who prepared it, in order that at the close of the Fair it may be seen which has succeeded best in the enterprise, and thereby contributed the largest amount towards the cause in which we are all so interested. We, therefore, respectfully call upon the ladies composing the various congregations of all evangeli-

cal denominations in this city, to combine among themselves, and commence at once the preparation of such articles as their own fancy and judgment may dictate. Let all assist, the humblest as well as the wealthiest, and with united energies carry out The members of the Association will, one and all,
